

Lyrics Search Freddy / written by Miss Manolita

I like that Freddy i like that Freddy i like that oh
I like that Freddy i like that Freddy i like that oh
I like that Freddy...

Who the fuck is Freddy yo mono or stereo
Tell me what you need my voice or my breathe
My my my breathe
My my my breathe
My breathe
My breathe...

Freddy tell me how you waiting for
Tell me what you need mono or stereo
You wanna my voice or my body for ?
Tell me you need oh you need anymore
I need Freddy for to call
Because i need to know
I believe in myself and not at all
And for my music i search Freddy yo

Freddy tell me how you waiting for... for... for...
Freddy tell me how you waiting for... for... for...
Search Freddy yo...

I want Freddy for my song
I work all night long
For my future and for at all
And for my music i search Freddy yo...

Who the fuck is Freddy yo mono or stereo
Tell me what you need my voice or my breathe
My my my breathe
My my my breathe
My breathe
My breathe...
