

Lyrics Touch written by Miss Manolita

Strophe 1

Hey baby i feel me broken deep inside oh no  
you have stolen the rest part of my life.

Baby how can you sleep with these girls oh no  
one thing in my Life now i have learned,

not to trust in love anyone.....oh no..no

Now i feel the tears on my skin,  
and with this i think i don't win

Refrain\*

When i think you have touched her with your hands oh no  
and with your sorry to me for a new chance oh boy

I feel me just to be vomit for the situation,  
you think for this i make a celebration.

.....boy hey what's going on with you....  
Also with this pain Inside me i tell ...  
I LOVE YOU\*\*
